you can buy of us as  
cheaply as else-  
where. Try it.

## Astoria Aids Ruined City

Over One Thousand Dollars Con-  
tributed In A Day To Relief  
Fund For Heppner.

The following telegram was sent yesterday: "Mayor Frank Gilliam, Heppner, Oregon.—We are sending you by telegraph through the banks, one thousand and eighty-seven dollars. Of this amount the Foresters donated fifty, and the Eagles fifty. J. W. Suprenant, Mayor."

Astoria's response to the appeal from Heppner was generous and immediate. The committee appointed by the mayor went to work early yesterday morning, and after a day of hard work they reported with the lodge contributions of \$50 each from the Foresters of America and the Eagles, a total of \$1,087. Mayor Suprenant at once sent a telegram to Heppner announcing the amount collected, so that the authorities at Heppner would know what they might count upon. As the lists will be open today at Trullinger's for the benefit of any that may have been overlooked yesterday, it is probable that the amount will be raised by at least another \$100.

The B. P. O. Elks sent a contribution of \$100 direct to Heppner, while the Knights of Pythias voted \$25 to the fund, the Bar Pilots contributed \$25, and the men at the A. & C. R. railway depot made up \$21.

The Quaker Doctors contributed \$5 in cash and today will turn over the receipts of the soap sale of last evening.

The ladies of Charity lodge, Degree of Honor will give a social on Saturday evening to raise funds for the distressed members of the order at Heppner.

The Beaver lodge, I. O. O. F., at a meeting last night, made a donation of \$25 to the fund.

An entertainment is being arranged to take place about the middle of next week in the opera house, when the Allen stock company and the vaudeville artists that are now in town will unite in a benefit performance, the use of the opera house having been granted by Manager Selig. Indications are that this will net a considerable sum, so that the total contribution from Astoria will be an important item in the state's gifts.

Mayor Suprenant last night expressed his thanks to the committee for the untiring way in which the members had worked, and to the citizens in general for their generosity, as well as to the two lodges mentioned for their donations.

An example of the good work done yesterday by the sub-committees was the amount collected by Chief of Police Hallock and P. A. Trullinger. These gentlemen reported \$32.50 after being out three hours in their allotted territory. As part of this amount was collected after the 11:00 P. M. was turned in, the total will be considerably swelled when final reports are made today.

### TO AID DISTRESSED.

The ladies of Charity lodge, Degree of Honor, will give an ice cream social at Workmen's hall, Saturday evening, June 20, for the purpose of raising funds to assist their distressed brothers and sisters at Heppner. All Workmen and their families are invited to be present and assist in the good work.

BY ORDER OF THE COMMITTEE.

### NONSUIT IS ASKED

FOR BY PLAINTIFF  
James Flynn's Witnesses Not Able to Be Present, So He Requests Dismissal of Case.

At the request of the plaintiff, a nonsuit was granted by Judge McBride in the case of James Flynn against the A. & C. R. railway yesterday, and the case was dismissed. Flynn brought action to recover \$10,000 damages for injuries received through being run down by one of the company's locomotives, but his principal witnesses were not able to be present at this time, so a nonsuit was asked for rather than proceed to trial without them. Another action will be instituted later.

The case of Charlotte Grimberg against the Columbia River Packers' association was set for July 15. The plaintiff in this action seeks to recover \$5000 damages for the death of her husband who was killed by a fall from a hoist in one of the company's vessels.

A. T. Brakki was granted a divorce from Clara Brakki, and Lizzie Lopakka was granted a divorce from Peter Lopakka, the latter case going by default.

### PERSONAL MENTION

Mrs. J. C. Mayo went to Portland last night.

O. J. Thomas of Fernhill was in the city yesterday.

Mrs. J. C. Davis is in the city from John Day's bridge.

H. H. Wilson of Knappa was in the city yesterday.

J. F. Catrell of the Laro mine, has returned to Bohemia.

Howell Lewis and Perry Titus came in from Fernhill yesterday.

Rev. J. K. Hawkins was in the city from Clatskanie yesterday.

N. P. Callender and wife returned to their Portland home last night.

Mrs. G. Wingate returned to Portland last night after a brief visit in the city.

Dick Halderman, recorder and police judge of Warrenton, visited the city yesterday.

C. H. Brown returned to Portland last night after spending the day in the city in the interests of a loggers' furnishing establishment.

Louis Cordes, the well-known driver of the chemical engine, has obtained a few days lay off. During his absence from the city John Corno will do his work.

Mrs. Charles Pierson, accompanied by Misses Agda and Annie Olsen, left last evening for Mt. Vernon, Wash. Miss Agda Olsen will remain permanently there, and the other ladies continue away during the rest of the summer months.

### BEWITCHING LOVE STORY.

Who has not read Longfellow's beautiful story of "The Courtship of Miles Standish?" All who have not read it should read it at once, and with those who have already read it, not fail to see and hear that bewitching little opera "Priscilla," wherein the story of love versus friendship is so graphically and charmingly told in song and story. For weeks the best local talent has been hard at work rehearsing and preparing to give the music lovers of Astoria the greatest treat in the way of light opera they have ever had. Under the leadership of Mrs. J. T. Ross, the musical part cannot fall of success, and under the stage management of J. C. Swope, the costumes and stage effects will not fail to meet the requirements of the most artistic.

### ARE ELEGANTLY APPOINTED

The opening of the Palace Russian and Turkish baths by T. R. Davis is an evidence of enterprise that will not fail to bring results. The premises at 539 Commercial street have been fitted up in such a manner that the name selected is in no sense a misnomer. Every comfort and luxury that experience can provide has a place in the Palace baths, and the manner in which they are fitted up is certainly unsurpassed by any in the state. Mr. Davis is to be congratulated on the completion of the work, and on his success in providing such elegant baths for the people of Astoria.

### HE DIED FROM INJURIES.

The death of Captain William P. Dillon, which occurred in Portland the first part of this week, resulted from internal injuries received while his steamer, the Fannie, was lying at Ranier Sunday. The falling of a derrick across an abandoned wharf, which Captain Dillon was crossing, struck him. At the time he did not suffer greatly, but he became worse after reaching his home, and he died the next evening. He is survived by his wife and a son, 14 years of age.

### COULDN'T REMEMBER IT.

"I don't remember anything about it, but if you say so, I guess it's right," was the reply of W. Maskom when charged in the justice court yesterday with assaulting John Ross. The trouble arose in the Sunnyside saloon on Wednesday night, Maskom making an entirely unprovoked attack upon Ross and knocking him down.

Judge Goodman imposed a fine of \$10, which was paid by Maskom and he left the court.

### LABOR DAY CELEBRATION.

At last night's meeting of the teamsters' union the proposal of the labor council to fittingly observe Labor day was taken up. It was the unanimous wish of the union that a good celebration be had and the members will do all in their power to help make it a success.

The excursion committee reported that everything pointed to a large crowd going to Olney next Sunday.

### CAPTURED AT DEEP RIVER.

Sheriff Linville Arrests Alleged Forger in Logging Camp.

After a long chase Sheriff Linville yesterday arrested J. K. White in a Deep River logging camp and brought him to the county jail, where he is held on a charge of forgery.

White is the man that victimized four saloons here with worthless checks purporting to be signed by C. C. Masten, and he admits his guilt, although at first he was inclined to deny knowledge of the offense. White had been working in Masten's camp for a time, before passing the checks, and when he went to Deep River changed his name to John Clark. He is quite a tough looking character, and may have been in jail before, from his appearance.

### COMPANION IN CUSTODY.

Charles Finn was brought down from Maygers last night by Officer Phillips and lodged in the city jail. He was wanted in connection with the charge of forgery lodged against J. K. White. Finn made a clean breast of the whole matter upon reaching this city. He said the checks were passed by him and that White made them out.

### GREAT C. E. CONVENTION.

The twenty-first international biennial convention of the Society of Christian Endeavor is to be held at Denver, July 9-12, and will probably excel all that have gone before. Every preparation has been made for comfort of visitors, and there will be ample accommodation for all. The headquarters for the Oregon delegates will be the Second Congregational church, East Third-street and Downing avenues.

### Our Ice Cream is

delicious and pure

TAGG'S CONFECTIONARY.

### MARINE ITEMS.

The tug Wallowa took the French bark Duquesne to sea yesterday.

The Western Transportation company has purchased half interests in the steamers Grey Eagle and City of Eugene, which will be continued on the Willamette run.

The four-masted barkentine Chehalis arrived in yesterday to load lumber.

The tug Rescue brought in the barge Santa Paula yesterday with a cargo of California oil.

The steam schooner Sequoia left yesterday for Seattle under her own steam. The damage caused by striking the bar at Tillamook will be repaired on the sound.

Captain E. W. Spencer is preparing his steamer, the Charles R. Spencer, for a record-breaking trip from Portland to Astoria next week. He believes he owns the fastest steamer on the river, and wants to put it to the test. The time is taken from leaving the steel bridge to making fast at a dock here, and the best time hitherto made was 4 hours, 22 1/2 minutes by the Hassalo.

The German bark Althorn is in the harbor ready for sea. She has a load of piles for China.

The ship Mylomene, which brought three thousand tons of coal for Victoria from Cardiff, and has been lying idle since discharging her cargo, was chartered yesterday by the Canadian Pacific railway through a Vancouver shipping firm, for a novel purpose. The Mylomene is to be towed to Vancouver to be used for a floating warehouse, for, owing to the large imports of Japanese coal, as a result of the strike at the Vancouver Island coal mines, the storage for coal at Vancouver has been all requisitioned. With the freight market in its normal condition the charter of a ship such as the Mylomene for the purpose for which the vessel has been secured, would be much more costly than at present. If indeed the price the owners would have then demanded had not been prohibitive, but with the fleets of idle ships on the coast, owing to the low rates and the poor outlook, the owners of the Mylomene no doubt look on the character for the novel purpose above stated, as finding money, for otherwise it was the intention to tie up the vessel to await an increase.

### TILLAMOOK'S TRADE BRISK.

The Tillamook Dairyman's association has sold 100,000 pounds of cheese to a San Francisco firm. The deal was consummated by wire, and the goods must be delivered by August 14.

The indications are that there will be a very heavy crop of potatoes this year. The Tillamook Driving association has elected the following board of directors: Claude Thayer, F. R. Beals, C. E. Hadley, Billy Stephens and Henry Crenshaw.
